

# Deep Dive into PPEMs

**Angie Gant, Ed.D.**

**Director, Program Approval**

**Georgia Professional Standards Commission**

PPEM – What does it even stand for??

**Preparation  
Program  
Effectiveness  
Measures**

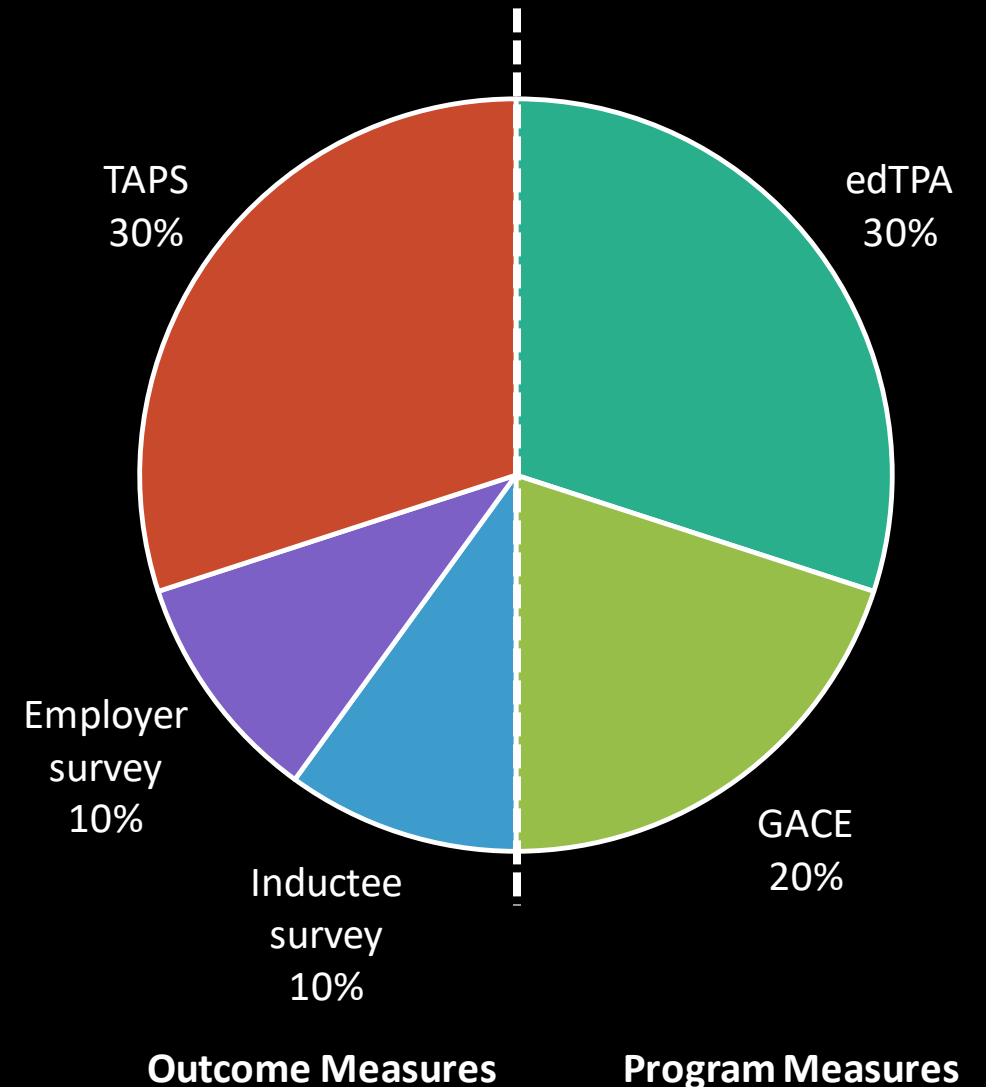

# What is the Purpose of the PPEM?

- Improvement
- Transparency
- Accountability

# PPEM Components

- Contains both **in-program** and **outcome** measures
  - **GACE** content assessment scores
  - **edTPA** classroom performance assessment scores
  - **TAPS** classroom observation scores from first teaching year
  - Surveys of **inductee** teachers and their **employers** from first teaching year

# Data – Measurements depend on assessments and employment

- Teacher preparation program completers in 2016, employed in 2017\*

\*Diagram not to scale

# PPEM Elements (in dashboard)

- Overall Rating
- edTPA

## Georgia Student Growth Model

The Georgia Student Growth Model (GSGM) is an exciting initiative designed to provide students, parents, educators, and the public with important information on student progress. Academic achievement only tells part of the story. The addition of student growth tells a more complete story about the academic performance of students. Now we not only know where students ended up, but we also know how much progress they made to get there.

### What is the Georgia Student Growth Model (GSGM)?

# THE FULL CIRCLE

Seeing how all the puzzle pieces for School Improvement fit together in practical application...

Mrs. Brent Tuck, Ed.S.  
AP- Curriculum and Instruction  
Habersham Central High School

# First Step- Schools take steps to establish goals for their work- Creating an SIP

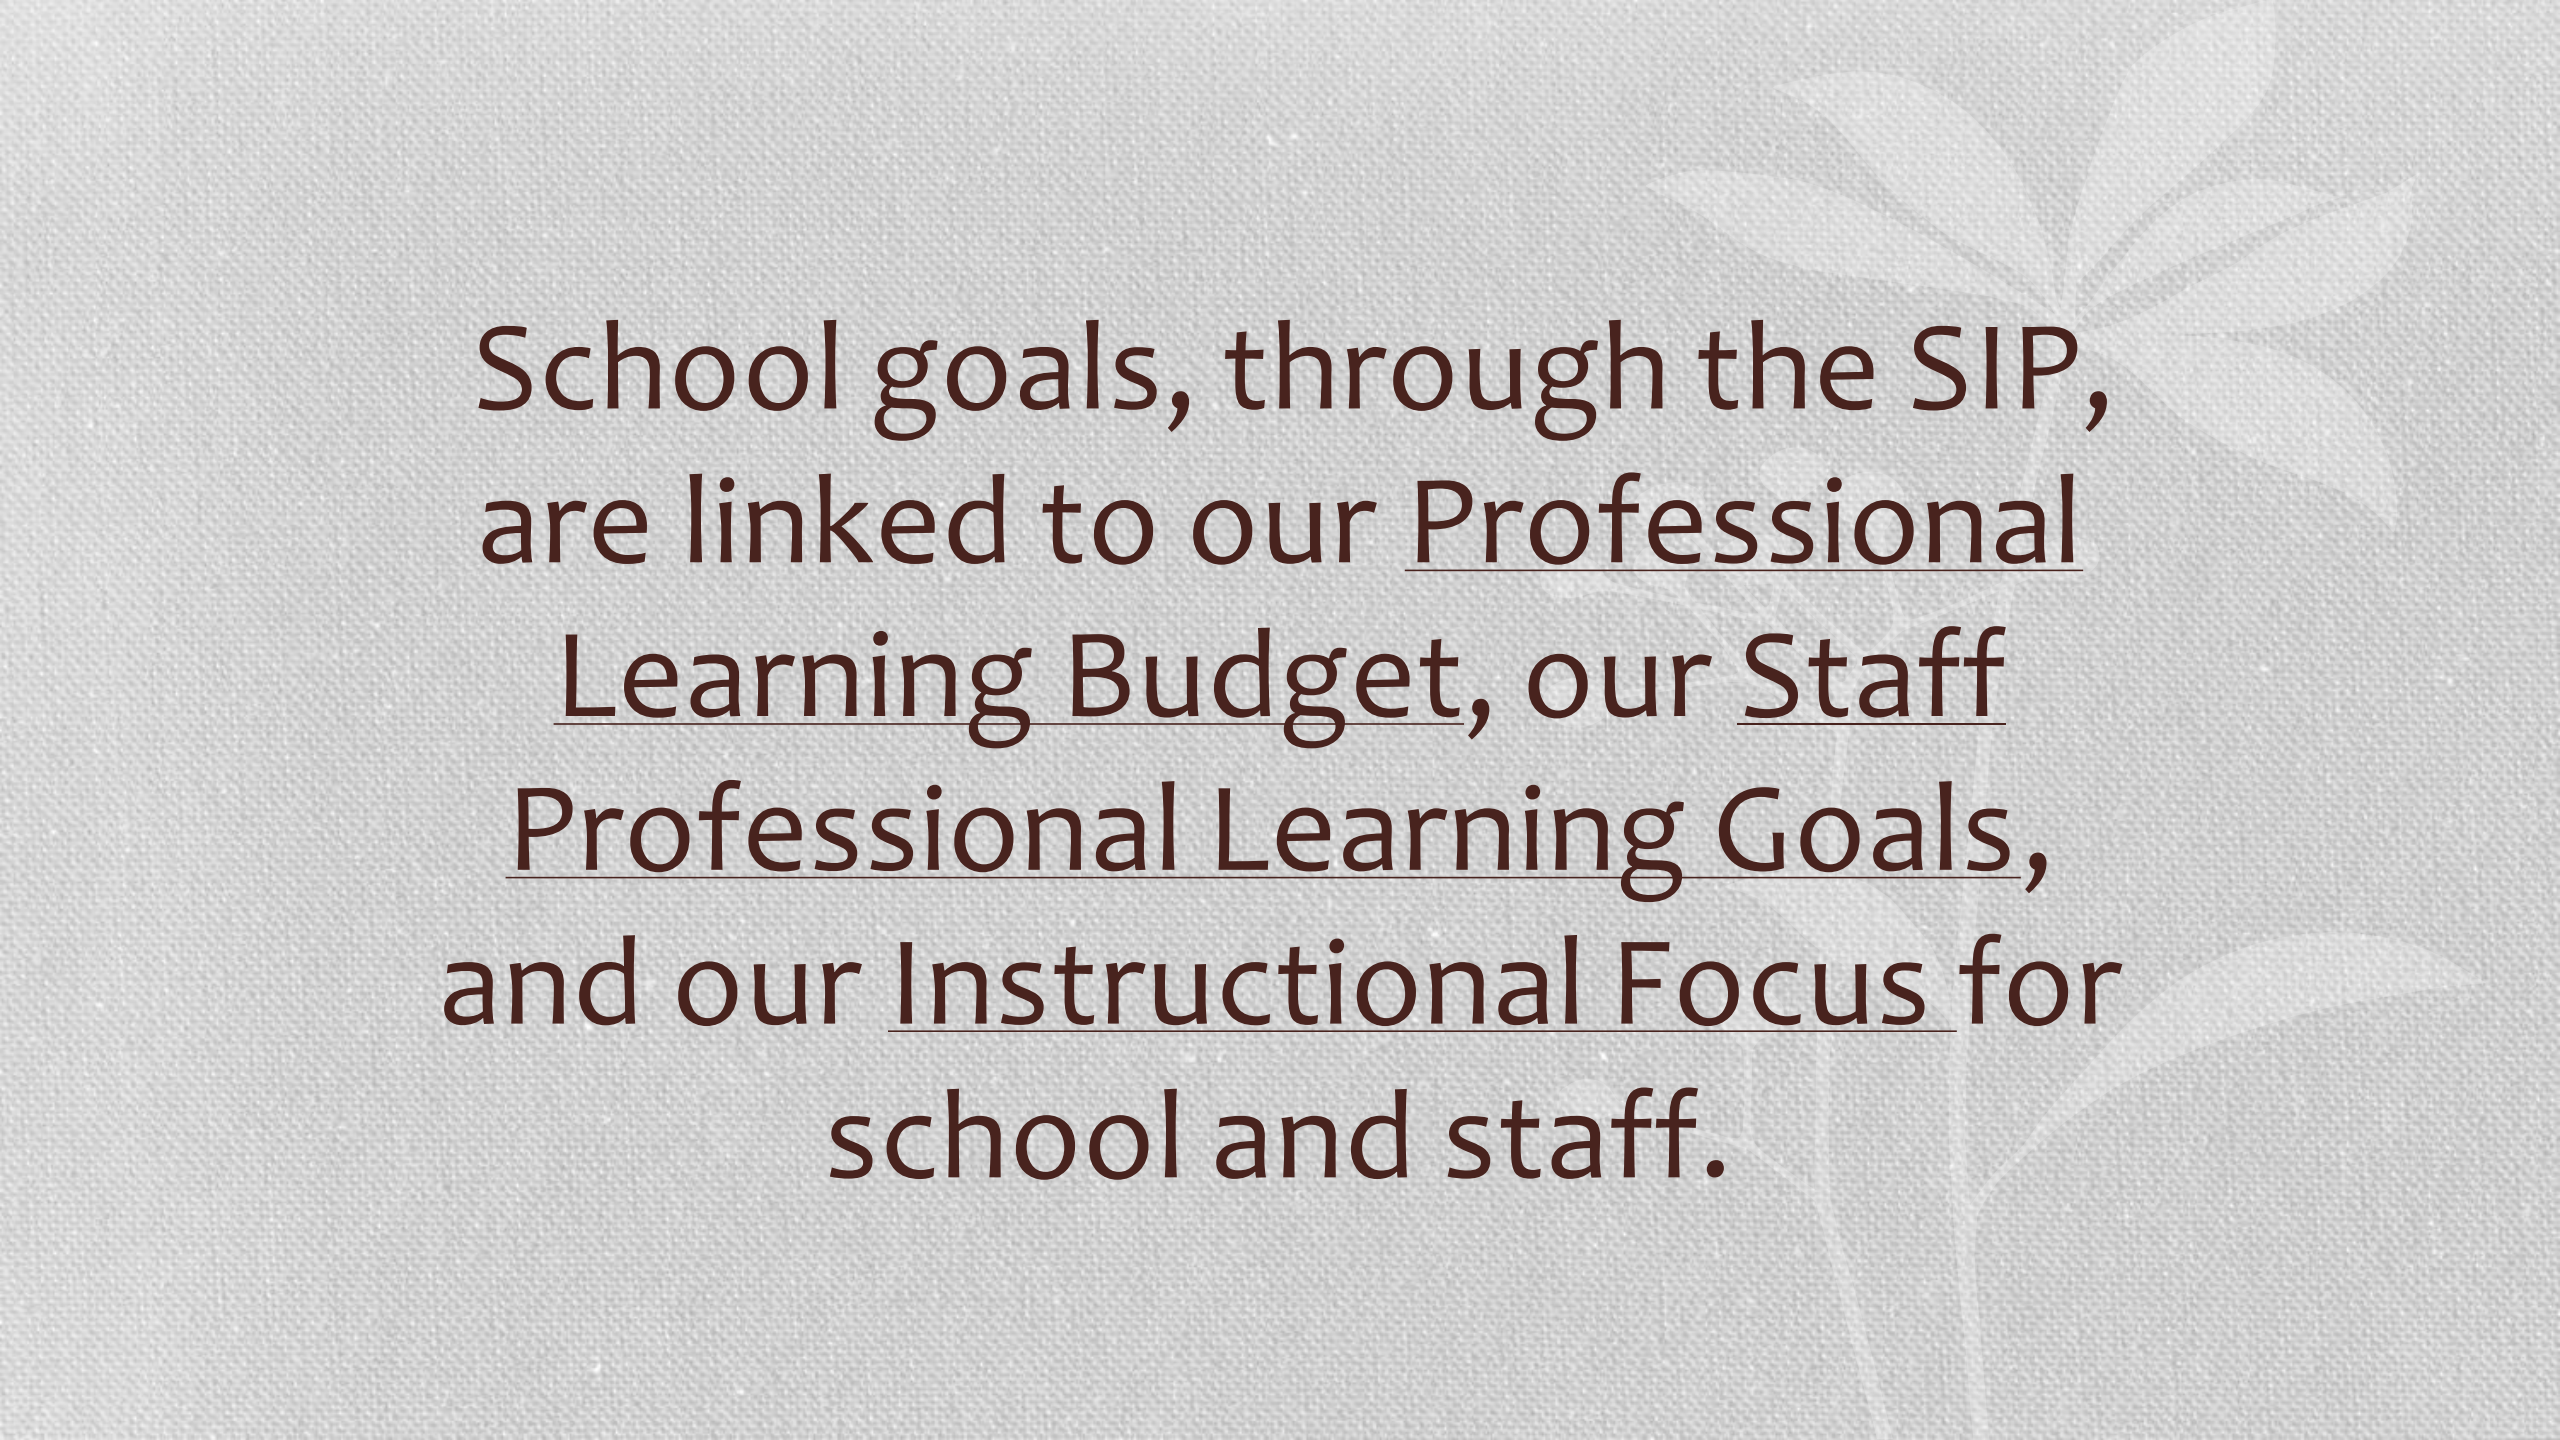

- Data Driven decisions are made about the types of goals that are needed.
- Questions to be considered-  
Are proposed goals in line with system Mission, Vision, Beliefs?
- Stakeholders provide feedback about these goals and help draft new goals ( Vehicles for providing this input: Staff Leadership team input, School council parent feedback, Leadership Flex student input)
- All staff has input through both content groups and whole faculty.

# NHMS SIP Goals for 2018/2019

- All students will demonstrate growth in Writing and Literacy as measured on the Georgia Milestones through the continued use of GSE ELA Standards.
- The overall school culture will continue to enhance the emotional and social development of all students while ensuring a safe environment for learning.
- All students will demonstrate growth in Mathematics as measured on the Georgia Milestones through the continued use of GSE Mathematics Standards and the mathematical frameworks.
- Students will be provided with and will become adept in the use of innovative new modes of learning through the frequent use of technology in the classroom.
- All teachers will refine their instructional practices in the continued implementation of Rigor, Depth of Knowledge, Differentiation, and Collaboration.

School goals, through the SIP,  
are linked to our Professional  
Learning Budget, our Staff  
Professional Learning Goals,  
and our Instructional Focus for  
school and staff.

# How to Implement/Support goals through Professional Learning...

Need as identified in SIP	Data to Support Need	Grade Level(s) Teacher Numbers	Action Steps	Resources/\$	Desired Outcomes	Evidence/Artifacts
<p><b>SIP Goal # 2-</b> The overall school culture will continue to enhance the emotional and social development of all students while ensuring a safe environment for learning.</p>	<p><b>School Level Leadership Team work-</b> DT is primarily responsible for the coordinating and implementation of the following programs here at NHMS: GRIP FLEX BAR They also provide support and decision making on the following areas: SIP Master Schedule Budget Calendar of Events Community Partnerships</p>	<p>16 Members of DT including representatives from all grade levels and departments, both admins, counselor, and media specialist</p>	<p><b>School Level Leadership Team-</b> Teachers will meet monthly after school to work on school issues, to monitor and update SIP, monitor local school programs, and plan ahead.</p> <p>Teachers will also participate in one full day of work (in January) as a team on strategic planning with our SIP needs.</p>	<p>Professional Collaboration Release Time</p> <p>11 teachers X \$95 sub money for ONE collaboration day = \$1045</p> <p><b>Total- \$1045</b></p>	<p>NHMS Design Team will continue to foster our school climate and safe environment through revising and supporting our current instructional and extra curricular programs. We will monitor and evaluate annually the effectiveness of these programs.</p>	<p>Current SIP and quarterly revisions</p> <p>Operational Flex program</p> <p>Operational GRIP program</p> <p>Operational BAR program</p> <p>Anecdotal Reports on improvement needs of current programs</p> <p>Meeting agendas/ Meeting Next steps</p>

# PL Plan in Action

- Column 1- Linked to SIP
- Column 2- Data to support need
- Column 3- Staff members that will be part of this layer of the SIP
- Column 4- Action Steps that outline what has been planned to address this goal
- Column 5-Resources needed
- Column 6- What will it look like when we reach our goal?
- Column 7- Evidence and Artifacts to support

## TKES Component to Support SIP and PL-

All certified staff are required to work on 2 Professional Learning goals\*\*

- Goal 1- Tied to SIP as listed above and supported through PL Plan
- Goal 2- Linked to an area that teacher wants to grow in professionally \*

*\*This goal is decided on by the staff member with support from administration.*

*\*\*These goals are added to the platform and are tracked/ discussed at Mid-Year conference and again at Summative Conference. Teachers are required to bring data, anecdotal evidence, student growth scores, etc. to support their progress on these goals.*

# As administrators visit classrooms...

- We are looking for effective teaching as outlined through the 10 TKES standards
- We are looking to see how the teacher is making progress on his/her PSC goals
- We are providing feedback on teaching effectiveness and growth that we see as a result of the teacher's work on selected goals.
- Schools hold a Mid- Year **and** a Summative conference to discuss these classroom visits. At the end of the year all staff are given a SUMMATIVE RATING.

## Time Line for TKES

- August- Teacher orientation and completion of self-assessment
- September- Goal Setting & Pre-evaluation conferences
- September- December-
  - Classroom visits ( walk-throughs and formatives)
  - Classroom implementation of Teacher Goals
- December- Mid-Year conferences
- January- April
  - Classroom visits ( walk-throughs and formatives)
  - Classroom implementation of Teacher Goals
- May- Summative Conferences/ Summative TAPS Score issued

# Differences for new teachers...

- New teachers will receive 6 TKES visits annually. ( 4 walk-throughs and 2 formatives)
- New Teachers can be defined as teachers in their first three years of teaching (**for three years**); veteran teachers who are new to a school system; veteran teachers who have changed in their roles (new grade level or content); teachers on a PLP in need of support; veteran teachers new to a school within same school system- (**all one year.**)- Full Plan
- All other teachers have two visits annually which in HC are 30 minute visits- one in Fall; one in Spring- **Flex Plan**
- **ALL TEACHERS RECEIVE A TAPS SUMMATIVE RATING**

# NEXT STEPS AS A SCHOOL...

- Continue to monitor and readjust plans and goals through data collection and data analysis. Data sources such as benchmark scores, progress monitoring, and summative data sources are used to measure effectiveness.
- Revisit/Repurpose SIP goals as often as needed but minimum of annually.
- Continue to link staff PL with school goals and initiatives

## The Full Circle

- Implement an SIP
- Connect your PL to your SIP
- Ensure that your staff is working toward your SIP goals
- Monitor this through TKES
- Continue to do progress checks based on ongoing data collection

Standard/Progression #9: Professional Learning and Ethical Practice ..... 41

Standard/Progression #10: Leadership and Collaboration..... 45

## Standard #6: Assessment

The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learner's decision making.

### PERFORMANCES

- 6(a) The teacher balances the use of formative and summative assessment as appropriate to support, verify, and document learning.
- 6(b) The teacher designs assessments that match learning objectives with assessment methods and minimizes sources of bias that can distort assessment results.
- 6(c) The teacher works independently and collaboratively to examine test and other performance data to understand each learner's progress and to guide planning.
- 6(d) The teacher engages learners in understanding and identifying quality work and provides them with effective descriptive feedback to guide their progress toward that work.
- 6(e) The teacher engages learners in multiple ways of demonstrating knowledge and skill as part of the assessment process.

### ESSENTIAL KNOWLEDGE

- 6(j) The teacher understands the differences between formative and summative applications of assessment and knows how and when to use each.
- 6(k) The teacher understands the range of types and multiple purposes of assessment and how to design, adapt, or select appropriate assessments to address specific learning goals and individual differences, and to minimize sources of bias.
- 6(l) The teacher knows how to analyze assessment data to understand patterns and gaps in learning, to guide planning and instruction, and to provide meaningful feedback to all learners.
- 6(m) The teacher knows when and how to engage learners in analyzing their own assessment results and in helping to set goals for their own learning.
- 6(n) The teacher understands the positive impact of effective descriptive feedback for learners and knows a variety of strategies for

## CRITICAL DISPOSITIONS

6(q) The teacher is committed to engaging learners actively in assessment processes and to developing each learner's capacity to review and communicate about their own progress and learning.

6(r) The teacher takes responsibility for aligning instruction and assessment with learning goals.

6(s) The teacher is committed to providing timely and effective descriptive feedback to learners on their progress.

6(t) The teacher is committed to using multiple types of assessment processes to support, verify, and document learning.

6(u) The teacher is committed to making accommodations in assessments and testing conditions, especially for learners with disabilities and language learning needs.

6(v) The teacher is committed to the ethical use of various assessments and assessment data to identify learner strengths and needs to promote learner growth.

**1. The teacher uses, designs or adapts multiple methods of assessment to document, monitor, and support learner progress appropriate for learning goals and objectives.**

1	2	3
<p>The teacher uses, designs or adapts a variety of classroom formative assessments, matching the method with the type of learning objective. (6a; 6b; 6j; 6k; 6r; 6t)</p> <p>The teacher uses data from multiple types of assessments to draw conclusions about learner progress toward learning objectives that lead to standards and uses this analysis to guide instruction to meet learner needs. S/he keeps digital and/or other records to support his/her analysis and reporting of learner progress. (6c; 6g; 6j; 6l; 6o; 6t)</p> <p>The teacher participates in collegial conversations to improve individual and collective instructional practice based on formative and summative assessment data. (6c)</p>	<p><i>And...</i></p> <p>The teacher provides learners with multiple ways to demonstrate performance using contemporary tools and resources. (6a; 6b; 6e; 6g; 6i; 6j; 6o; 6r; 6t)</p> <p>The teacher uses data to guide the design of differentiated individual learning experiences and assessments. (6g)</p> <p>The teacher collaborates with colleagues to analyze performance on formative and summative assessments across groups of learners and engages in joint development of strategies for improving instruction and support to meet standards. (6c; 6l)</p>	<p><i>And...</i></p> <p>The teacher uses formative classroom assessments to maximize the development of knowledge, critical thinking, and problem solving skills embedded in learning objectives. (6a; 6c; 6o; 6t)</p> <p>The teacher works individually and with colleagues to gather additional data needed to better understand what is affecting learner progress and to advocate for necessary change. S/he works with colleagues to analyze progress against standards and expand the range of supports for learners with varied learning needs. (6c; 6g; 6l)</p> <p>The teacher collaborates with others to use summative assessment information to evaluate the effect of the curriculum and instruction on the learner. (6c; 6j; 6l)</p>
