PIONEER RESA
REGIONAL EDUCATIONAL SERVICE AGENCY

ComplianceDirector.org

ComplianceDirector is a web-based, online training and records management system which helps systems manage their critical compliance related activities; available 24/7.

Rather than delivering mandated training units in face-to-face assemblies, maintaining legal records using sign-in sheets, and struggling to deliver make-up training all year long, Systems using ComplianceDirector simply instruct employees to access a web portal and complete specified training by a specific date.
