Discussion:

It is proposed that GaPSC Rule 505-2-.26 CERTIFICATION AND LICENSURE ASSESSMENTS be INITIATED to establish the Certification and Licensure tier of Georgia's Educator Tiered Certification structure.

(1) Purpose. This rule outlines specific assessment requirements for obtaining Renewable and Non-Renewable Georgia certification. The Georgia Professional Standards Commission (GaPSC) administers through a testing supplier educator assessments required for certification. As of September 1, 2006, the Georgia Assessments for the Certification of Educators™ (GACE) is the state-approved educator certification assessment program in Georgia. GACE assessments include Program Admission, Content, Standards-based assessment of knowledge of the Georgia Code of Ethics for Educators and Paraprofessional assessments. All GACE assessments are aligned with state-approved educator preparation program standards, national standards, and the state standards for the P-12 curriculum, which are the Georgia Common Core Performance Standards (GCCPS). Information about the GACE program is available at www.gapsc.com. In addition to the GACE, there are other state-accepted content pedagogy and content assessments. Also, certain foreign language, Trade and Industrial, dance, drama and the field of visual impairment for which there are no GACE assessments.

(2) Program Admission Assessment

(a) The GACE Program Admission assessment measures an individual's general knowledge in the areas of reading, mathematics, and writing at a competency level to be successful in an educator preparation program (EPP);

(b) The following individuals are required to either pass or exempt the GACE Program Admission assessment:

(i) Candidates seeking admission to a Georgia educator preparation program. Verification of this requirement is the responsibility of the EPP and is documented on the Georgia Approved Program Recommendation form used to verify program completion. Documentation of any exemption must also be provided to the GaPSC upon application for an Induction certificate through Pathway One (1);

(ii) Applicants seeking an Induction certificate through Pathway Four (4);

(iii) Applicants for the service field of School Social Work (See GaPSC Rules 505-2-.147 SCHOOL SOCIAL WORK); and

(iv) Initial permit holders applying for an extension, with the exception of JROTC Permit holders employed prior to July 1, 2004.

(c) Applicants seeking an Induction certificate through Pathways Two (2) or Three (3) and out-of-state professional certificate holders applying for an Induction or Professional certificate through reciprocity are not required to meet the Program Admission Requirement.

(d) Information regarding the Program Admission Requirement and exemption criteria can be accessed at <http://www.gapsc.com/EducatorPreparation/Assessment/BasicSkillsInfo.aspx>.

(3) Content Assessment.

(a) The GACE content assessments test knowledge in a variety of content areas as required for certification. As of July 1, 2014 GACE content assessments have two passing levels: Induction and Professional. Attaining a passing score at the Professional level on a GACE content assessment also satisfies any requirement to pass at the Induction level. Information on the content assessments required for Georgia certification may be accessed at www.gapsc.com;

(b) The following individuals are required to pass the GACE content assessment for the desired certification field at the Induction level or higher:

1. Applicants seeking an Induction certificate through any of the four (4) pathways;

(i) For Special Education fields, the pre-requisite is the special education academic content concentration(s), which must be verified through an academic degree major or the appropriate academic content assessment(s). The appropriate Special Education field assessment must then be completed before conversion to a Professional certificate;

2. Induction certificate holders applying to add a supplemental Induction field; and

3. Applicants seeking an initial permit in a foreign language field.

(c) The following individuals are required to pass the GACE content assessment for the desired certification field at the Professional level:

1. Georgia certificate holders applying for an initial Professional certificate;

2. Georgia Professional certificate holders applying to add a certification field. Such applicants who have passed the appropriate GACE content assessment at the Induction level but not the Professional level and have fulfilled all other requirements to add the field may be issued a Non-Renewable Professional certificate;

3. Out-of-state educators applying for initial Professional certification in Georgia based on reciprocity:

(i) These educators may exempt the content assessment requirement by meeting the exemption criteria outlined in section (10)(a) below;

(ii) If an out-of-state educator meets all qualifications for initial Professional teaching or service certification in Georgia except that the GACE content assessment has been passed at the Induction level and not the Professional level, an Induction certificate may be issued;

(iii) If the out-of-state educator applying for initial Georgia certification passed a GaPSC-accepted content exam for issuance of a professional out-of-state certificate prior to July 1, 2014, the educator will meet the GACE content assessment requirement.

4. Georgia educators who complete out-of-state programs leading to certification must pass the GACE content assessment; these educators shall not be eligible for the exemption outlined in section (10)(a) below, even upon submission of an out-of-state professional certificate;

5. Applicants seeking to extend an initial permit in a Foreign Language field must pass the appropriate content assessment(s) at the Professional level if passed at the Induction level for the initial Permit as outlined in GaPSC Rule 505-2-.10 PERMIT;

6. Applicants seeking to extend an initial permit in the fields of Art or Music; and

7. Applicants applying for an Adjunct license must pass the appropriate GACE content assessment(s) for the field(s) being taught or hold the appropriate professional licensure for the profession or field of instructional experience. Refer to the list at **ADD LINK**; and

(d) For fields in which there is no GACE assessment available, the GaPSC may designate other state-approved certification exams. The Praxis exam is the Georgia state-approved content assessment for the field of Speech and Language Pathology, and the proficiency exams offered by the American Council on the Teaching of Foreign Languages (ACTFL), detailed in section (9) below, are the Georgia state-approved content assessments for foreign language fields in which there is no GACE exam available.

(e) Georgia does not have a content assessment for the fields of Audiology, Dance, Drama, School Nutrition Director, School Social Work, Speech, Physical and Health Disabilities, Special Education Preschool, Visual Impairment, and some foreign language fields. In fields for which there is no Georgia state-approved or state-accepted content assessment, passing a content assessment for certification is not required. (See GaPSC Rule 505-3-.24 SPECIAL GEORGIA REQUIREMENTS).

(4) Content Pedagogy Assessment.

(a) The GaPSC-approved content pedagogy assessment is designed to assess knowledge and skills in the areas of student development and learning, instruction and assessment, and professional roles and responsibilities. The content pedagogy assessment is required for applicants applying for Induction certification Pathway One (1), Pathway Two (2) and Pathway Three (3) applicants with no teaching experience. The GaPSC-approved content pedagogy assessment is required for Professional certification for those individuals completing Induction Pathway Four (4) and must be satisfied prior to issuance of the Professional certificate.

(5) Educator Ethics Assessment.

(a) The Georgia Educator Ethics Assessment is designed to both teach and assess knowledge and skills in the areas of the Georgia Code of Ethics for Educators and of ethical understanding to guide behaviors and decision making. The Georgia Educator Ethics Assessment is required to be taken for admission to a state-approved educator preparation program and is required to be passed to hold an Induction Certificate.

(6) Paraprofessional Assessment.

(a) The GACE assessment for paraprofessionals in Georgia covers four (4) areas: reading, writing, mathematics and classroom skills. The Paraprofessional assessment is designed to enable individuals and school districts to satisfy state and federal No Child Left Behind requirements that call for "highly qualified paraprofessionals" in a P-12 setting. These requirements indicate that paraprofessionals working in Title I schools or paid with Title I funds must meet a rigorous standard

of quality and demonstrate, through formal state or local assessment, knowledge of and ability to assist in instructing, reading, writing, and mathematics; or knowledge of and ability to assist in instructing, reading readiness, writing readiness, and mathematics readiness, as appropriate.

(b) Passing the GACE Paraprofessional assessment, in combination with a high school diploma or GED equivalent, is one of the options available to qualify for a Paraprofessional Certificate. (See GaPSC Rule 505-2-.18 PARAPROFESSIONAL CERTIFICATE).

(7) Educational Leadership Assessment.

(a) The GACE Educational Leadership assessment is designed to assess knowledge and skills for those completing Educational Leadership performance-based programs).The GACE Educational Leadership assessment is required for Performance-Based leadership certification even if the educator has previously passed the Teacher Certification Test (TCT).

(b) Applicants applying for certification in Educational Leadership in Georgia based on reciprocity must pass the GACE Educational Leadership assessment or meet exemption criteria in (10)(a) for content knowledge assessment(s) appropriate to the field of educational leadership prior to the issuance of the Professional certificate:

1. A Non-Renewable Professional certificate may be issued at the request of an employing Georgia LUA to individuals applying for initial certification based on reciprocity who must satisfy the content assessment.

(8) Trade and Industrial Education Assessment.

(a) For Trade and Industrial Education certificates, GaPSC accepts a number of different industry assessments offered by a variety of external organizations. The accepted assessments are detailed in GaPSC Rule 505-2-.90 TRADE AND INDUSTRIAL EDUCATION.

(9) Foreign Language Assessment.

(a) A GACE assessment is not available for certain foreign language fields. For these fields, the GaPSC requires The American Council on the Teaching of Foreign Languages (ACTFL) Oral Proficiency Test (OPT) and Written Proficiency Test (WPT). If the OPI and WPT are passed for fields that have a GACE content assessment for issuance of a Permit, the GACE content assessment must be passed at the Professional level for conversion of a Permit to a Professional certificate.

(b) The American Council on the Teaching of Foreign Languages (ACTFL) foreign language assessments are considered appropriate content assessments for adding a new foreign language teaching field in fields for which there is no Georgia Assessment for the Certification of Educators (GACE). ACTFL offers nationally-accepted oral and written language assessments known as the Oral Proficiency Interview (OPI) and Writing Proficiency Test (WPT). These assessments are approved in Georgia for permits and for language certificates for which no other Georgia content assessment has been developed. Conduct of the OPI and WPT, which must be administered by a certified examiner from ACTFL, is arranged and coordinated by Language Testing International. The validation of passing levels of proficiency is the responsibility of the applicant and the employing LUA. Contact information for scheduling the ACTFL is available at <http://www.languageTesting.com/academic-services>.

(12) Duplicate Score Reports.

(a) The GaPSC, as a courtesy to the state's educators, can provide certain official test score information for those assessments whose scores are otherwise not retrievable. The GaPSC does not charge for the retrieval, validation, or mailing of the score. Complete information on how to request test scores can be accessed at <http://www.gapsc.com/EducatorPreparation/Assessment/testScoreRequest.aspx>.
