V. EXECUTIVE SECRETARY'S REPORT

The month of September has arrived and as a point of privilege, I wanted to acknowledge that tomorrow, September 11, is Patriot Day and will be the 25th anniversary of when our country was attacked. On the morning of 11, September 2001, terrorists hijacked four commercial passenger planes in the United States. Two planes were flown into the Twin Towers of the World Trade Center in New York City, causing both towers to collapse. A third plane crashed into the Pentagon, just outside Washington, DC. The fourth plane crashed in rural Pennsylvania after the crew and passengers attacked the terrorists on board, preventing it from hitting another target thought to be the White House. The attacks claimed nearly 3,000 lives. I am sure most of you can remember where you were and how you felt that day. I was serving as a high school principal of Glynn Academy in Brunswick, GA with more than

1700 students. For those of you that know this area, you will recognize that the Federal Law Enforcement Training Center is located there and much of the entire community went on high alert. I can still remember the emotions of that day and the many of the days that followed.

Our Country has been through a lot since that time and many events have happened; we have been through patches of economic down turns, we have faced an international pandemic, there has been periods of social unrest, I could go on. But the good news is that our country is celebrating our 250th anniversary this year. Our democratic form of government and our very republic seems to be challenged, but the great news is that we are still the envy of the world. Much of the reason for that is because we prioritize education and the well-being of all children. I just want to celebrate the commission for the work you do to help us to keep the vision for our agency as our North Star. You are indeed helping to protect the higher standard of learning in Georgia!

Moving forward, I hope everyone had a great Labor Day holiday earlier this week. Most systems have completed the first full month of school and as I connect with educators from around the state the vast majority have gotten off to a strong start. I know the amount of planning and preparation that it takes for a school, a school district, or a college to have a successful opening, and I want to offer my congratulations to all pre-K/12, and Post Secondary Schools.

I want to officially welcome our commissioners and guests to our meeting today. Most of our meetings are held virtually, but we wanted to have some face-to-face sessions and our commissioners agreed. We want to offer a special welcome to our newest commissioner, Dr. Melissa Driver. Dr. Driver's "day job" is as an Associate Dean for the College of Education at Kennesaw St. University. We are very pleased with the expertise that she will bring to the commission as she will also be serving on the Educator Preparation Program (EPP) sub-committee. I also wanted to congratulate Ms. Christy Edwards on being reappointed for an additional term as a returning commissioner for the GaPSC. I know all veteran members join with Chairman Sirmans and me as we welcome our new and newly reappointed members to the Commission.

Over the next few months there will be several new commissioners coming on board as some of our veteran commissioners rotate off as they complete their terms of service so, I am delighted we have been able to meet in person today. We appreciate everyone's willingness to attend in person. I will mention that Mr. Jimmy Atkins, one of our Board of Education representatives, will be leaving the Commission. He participated in the virtual committee meeting yesterday, but he could not change his work schedule for today. With that said, I did want to share that as our commissioner's transition off the commission, the GaPSC administrative team felt that it was appropriate that we recognize everyone's service to our children, educators, and to the State of Georgia. To honor that service, we have this frame picture of our Capitol as a token of our appreciation for the many hours each of you have given and continue to give the GaPSC. A special thank you to our team for helping to pull this together.

As part of our work session this morning, we held a Professional Learning retreat for our commissioners, earlier today. We introduced our directors and staff and provided an update for commissioners with each division sharing about their body of the work currently underway. I won't attempt to review all the information that was shared with my report but want to commend our team for their thoroughness in covering the key topics. Kudos to the Certification Division team and their efforts, and their strong customer service with the important work in completing certification responsibilities. We have our four new Literacy Evaluators (as supported by HB 1193) that are on board and have been going through the induction process in our EPP division. Our Ethics Division continues to move in the right direction in restaffing their openings and addressing the volume of cases we are receiving. We

continue to be pleased with the new GACE implementation. The website includes costs, information about the testlets model, preparation materials, FAQs, and more.

We hope you have found the retreat and our in-person meeting productive. If you have suggestions for topics that you would like to learn more about, please let me know and we will work to include those requests in preparation for our next face-to-face meeting.

Chairman Sirmans, unless we have any questions from our Commissioners that concludes my report.
