

## 505-2-.22 CERTIFICATION BY STATE-APPROVED PROGRAM

### Nature of Amendment(s):

Substantive  
 Clarification  
 Further Definition

### Discussion:

It is proposed that GaPSC Rule 505-2-.22 CERTIFICATION BY STATE-APPROVED PROGRAM, dated January 15, 2016, be AMENDED to change the field name of Early Childhood Education P-5 to Elementary Education P-5.

### Current/Amended Sections(s):

(Additions are underlined in bold type; deletions are marked through.)

**(1) Background.** State-approved programs are professional education programs based on established state standards and delivered as traditional or alternative routes to certification. Such programs, usually provided by colleges/universities, school systems, Regional Educational Services Agencies (RESAs), private providers or collaborative arrangements between any of these agencies, must be approved by the appropriate state agency in order to verify completion of certification programs. Program standards and requirements are based on preparation necessary to obtain a certificate, and state-approved programs may or may not require a specific degree. Georgia Professional Standards Commission (GaPSC)-approved programs include those that result in certificates as well as endorsements. A listing of GaPSC-approved programs may be found on the GaPSC web site at [www.gapsc.com](http://www.gapsc.com). Information concerning program approval standards and procedures may be found on the GaPSC web site [www.gapsc.com](http://www.gapsc.com).

**(2) Out-of-State Programs.** The GaPSC may certify applicants who have completed state-approved educator preparation programs in any state under the following conditions:

(a) The educator preparation program was approved by the state approval authority in a state that approves teacher preparation programs, the program was approved for the field in which the educator completed the program and the program held approval status during the year in which the applicant completed the program.

1. In the specific field of Speech and Language Pathology, the GaPSC shall accept [ASHA](#)-approved programs that are not state-approved but are completed at GaPSC-accepted accredited institutions.

(b) The applicant has completed all state-approved program requirements and the authorized official at the program provider has verified program completion on the appropriate GaPSC form.

(c) The program was completed in a field recognized by the GaPSC. If the program was completed in an area recognized in Georgia as an endorsement only, the applicant will be eligible for the appropriate endorsement certificate in that field.

(d) The applicant has completed field experiences or clinical practice including student teaching. If field experiences, clinical practice or student teaching were completed in a Georgia local unit of administration (LUA) requiring GaPSC certification, the applicant must have worked with a cooperating teacher holding renewable professional certification in the field in which the applicant completed a state-approved certification program, or in a closely related field as outlined below. If they were completed in a Georgia LUA that has the legal authority to waive certification, the cooperating teacher must, at a minimum meet federal requirements as a Highly Qualified teacher under Title IIA regulations. If the cooperating

teacher does not meet these requirements, the clinical practice or field experience does not meet Georgia certification requirements and will not be accepted.

1. The following fields are considered closely related for the purposes of cooperating teachers for field experiences, clinical practice, or student teaching:

(i) A candidate earning certification in Birth through Kindergarten may work with a cooperating teacher certified in ~~Early Childhood Education~~ **Elementary Education**;

(ii) A candidate earning certification in Middle Grades may work with a cooperating teacher certified in the corresponding secondary (6-12) field;

(iii) A candidate earning certification in a foreign language field may work with a cooperating teacher certified in any other foreign language field;

(iv) A candidate earning certification in Science (6-12) may work with a cooperating teacher certified in any other secondary science field (Biology, Chemistry, Earth/Space Science, or Physics), and a candidate earning certification in any of the secondary science fields may work with a cooperating teacher certified in Science (6-12);

(v) A candidate earning certification in a Career, Technical, and Agricultural Education (CTAE) field may work with a cooperating teacher certified in any other CTAE field.

**(3) In-State Programs.** GaPSC-approved programs shall include all course work specified in Special Georgia Requirements, outlined in GaPSC Rule [505-2-.24 SPECIAL GEORGIA REQUIREMENTS](#). However, the content assessment is not considered part of the approved program, but is a separate state requirement for certification. GaPSC-approved program providers may verify approved program completion for an individual who has completed all program requirements, to include the Special Georgia Requirements, with the exception of the content assessment. Without the completed assessment, the individual will not be eligible for any certificate unless requested by an employing Georgia local unit of administration (LUA). Upon such a request, a one (1)-year Waiver certificate may be issued.

**(4) Advanced Degrees.** In order to qualify for a certificate level upgrade, an educator must complete an advanced degree program that meets specific quality standards outlined in GaPSC Rule [505-2-.33 CERTIFICATE UPGRADE](#). These standards apply to all advanced degree programs, even those that are state-approved.

**(5) Educational Leadership.**

(a) Georgia Educational Leadership programs that lead to certification in Educational Leadership must be Performance-Based programs, as described in GaPSC Rules [505-3-.58 EDUCATIONAL LEADERSHIP PROGRAM](#) and [505-2-.153 EDUCATIONAL LEADERSHIP](#).

(b) Georgia applies reciprocity to initial out-of-state Educational Leadership certificate holders based on completion of a state-approved program at level six (6) or seven (7), and also at level five (5) when the educator has at least three (3) years of successful experience in a leadership position as outlined in Rule [505-2-.153 EDUCATIONAL LEADERSHIP](#).

**(6) Resources.** GaPSC-approved programs for all fields are listed on the GaPSC web site at [www.gapsc.com](http://www.gapsc.com).
