Discussion:

It is proposed that GaPSC Rule 505-2-.26 Certification and Licensure Assessments, dated July 1, 2025, be AMENDED to clarify that an individual may not obtain the academic content concentration in Special Education Reading solely through passage of an assessment, and the Literacy assessment is required as a condition of International Exchange certificate conversion.

Current/Amended Sections(s):

(Additions are underlined in bold type; deletions are marked through.)

(1) Summary: This rule outlines specific assessment requirements for obtaining certification. The Georgia Professional Standards Commission (GaPSC) administers through a testing supplier educator assessments required for certification. As of September 1, 2006, the Georgia Assessments for the Certification of Educators™ (GACE) is the state-approved educator certification assessment program in Georgia. GACE assessments include Content, Literacy, Standards-based assessment of knowledge of the Georgia Code of Ethics for Educators and Paraprofessional assessments. All GACE assessments are aligned with state-approved educator preparation program standards, national standards, and the state standards for the P-12 curriculum. Information about the GACE program is available at www.gapsc.com. In addition to the GACE, there are other state-accepted content assessments for certain foreign language and career and technical specializations.

(2) Content Assessment.

(a) GACE content assessments measure an individual's specific professional knowledge in a content area. Within multi-part content assessments, they will be divided into the "testlet" design model. Testlets break up the assessment into shorter measures, each focused on one content area, or subarea. While providing more flexibility, testlets also allow test takers to more clearly understand how their performance in each content area contributes to their overall assessment score.

(b) The following individuals are required to pass the GACE content assessment for the desired certification field:

1. Individuals seeking a Provisional certificate.

(i) For Special Education fields; ~~the pre-requisite is the special education academic content concentration(s), which must be met by passing the appropriate academic content assessment(s). Individuals enrolled in GaTAPP have the option of verifying an academic content concentration if approved by the GaTAPP provider. The appropriate Special Education field assessment must then be completed before conversion to a Professional.~~

(l) The Special Education content assessment(s) must be met prior to conversion of the Provisional certificate.

(II) The Special Education Academic Content Concentration(s) must be met by passing the appropriate academic content assessment(s) prior to issuance of the Provisional certificate.

(III) Individuals enrolled in GaTAPP may verify an academic content concentration if approved by the GaTAPP provider.

(IV) Effective July 1, 2026, the Reading Academic Content Concentration is no longer issued based on a passing assessment score. Only qualifying assessment scores earned before July 1, 2026, may be used to issue the concentration.

- (ii) Individuals holding the Military Support Provisional certificate must pass the GACE content assessment(s) prior to issuance of the Year Two (2) Provisional certificate.
- 2. Individuals seeking an initial permit in a foreign language field.
- 3. Georgia Pre-Service certificate holders applying for an Induction certificate.
 - (i) A One (1)-Year Induction certificate may be issued at the request of an employing Georgia local unit of administration (LUA) to individuals applying for initial certification based on completion of a GaPSC-approved or GaPSC-accepted program who must satisfy the content assessment.
- 4. Georgia Professional or Induction certificate holders applying to add a certification field.
- 5. Individuals applying for initial Professional or Induction certification in Georgia based on reciprocity.
 - (i) These individuals may exempt the content assessment requirement by meeting the exemption criteria outlined in section (10)(a) below.
 - (ii) A One (1)-Year Non-Renewable Professional or One (1)-Year Induction certificate may be issued at the request of an employing Georgia local unit of administration (LUA) to individuals applying for initial certification based on reciprocity who must satisfy the content assessment.

- 7. Individuals seeking to extend an initial permit in the fields of Art, Music, Engineering & Technology and Superintendent.
- 8. Individuals seeking an Adjunct license must pass the appropriate GACE content assessment(s) for the field(s) being taught or hold the appropriate professional licensure for the profession or field of instructional experience.
- 9. Individuals seeking an initial professional Service field.
- (c) For fields in which there is no GACE assessment available, the GaPSC may designate other state-approved certification exams. The Praxis exam is the Georgia state-approved content

- (d) Georgia does not have a content assessment for the fields of Audiology, Dance, Drama, School Nutrition Director, School Social Work, Speech, Physical and Health Disabilities, Special Education Preschool, Visual Impairment, and some foreign language fields. In fields for which there is no Georgia state-approved or state-accepted content assessment, passing a content assessment for certification is not required. (See GaPSC Rule [505-3-.24 SPECIAL GEORGIA REQUIREMENTS](#)).
- (e) The fields of Special Education General Curriculum/Elementary Education P-5, Elementary Education P-5, Middle Grades Reading 4-8, and Reading P-12 **generally** require completion of a GaPSC-approved or GaPSC-accepted program as outlined in GaPSC Rule [505-2-.34 ADD A FIELD](#). **However, individuals seeking to add the field of Elementary Education P-5 may qualify through the assessment-based option outlined in Rule 505-2-.34, provided all applicable requirements and conditions specified in that rule are met.** Educators holding certification in Service or Leadership fields cannot test-in to teaching fields by passing the required content exam.
