Science	80	129	145
SpEd	216	331	298
SS	154	201	201

Data was pulled from the GaPSC Program Participant warehouse in September 2016. Data is editable through Oct. 9, therefore tentative.
Data is organized by academic year (AY), which runs from Sept. 1 in the preceding year through Aug. 30 in the named year.
Subject area totals exceed counts on other charts because a candidate may complete in more than one subject area.
